

**Knowledge Management (Marine Policing) Beyond Boundaries Learning Series  
– Electrical Safety and Fire Prevention on Vessels**

Beyond Boundaries Learning Series (Marine Policing) and Marine Port District have invited honoured guests and experts from Marine Department, Fire Services Department, and Marine Police as speakers to share valuable insight on electrical safety on vessels, fire prevention, and observations on fishing vessels.

The seminar will cover topics such as industry best practices on managing electrical systems on fishing vessels and, owing to recent fire incidents taking place in Hong Kong waters, case studies on vessel fires and what we can do to prevent such accidents from occurring.
